| Course Title: | Algebra 2A |  |
| :---: | :---: | :---: |
| CCSS for Mathematics: Traditional Pathway Algebra 2 |  |  |
| Unit 1 | Functions and Polynomials |  |
| Unit objectives | 1. Students will be able to interpret the relationship between the independent and dependent variable in the function equation and graph including the absolute value functions. <br> 2. Students will be able to explain the relationship between a function and its inverse. <br> 3. Students will be able to define the domain and the range of a function. <br> 4. Students will be able to transform or shift a graph by making changes to the parent function. |  |
| Standards | Assignment | Description |
|  | A-CED. 1 | Quiz |
| A-CED. 4 <br> A-CED. 2 | 1.2 Domain and Range | Assignment |
|  |  |  |
| A-REI. 1 <br> F-BF.4a | 1.3 Sketching Graphs | Assignment |
| F-BF.1c <br> F-BF.4d <br> F-IF 1: <br> F-IF 2: <br> F-IF 4: <br> F-IF.5: <br> F-IF.6- | 1.7 Sketching the Inverse Function | Assignment |
|  | Unit 1 End of Unit Discussion <br> - What is a Function? | Discussion |
|  | Unit 1 Discussion-Based Assessment | Discussion Based Assignment |
|  | Unit 1 Test | Test |
|  |  |  |
| Unit 2: Systems of Equations and Inequalities |  |  |
| Unit Objectives | 1. Student will be able to find solutions to the system of equations by selecting the correct method and justifying their solutions. <br> 2. Student will be able to apply the system to solve realworld related problems. |  |
| Standards | Assignment | Description |
| $\begin{aligned} & \text { A-CED. } 2 \\ & \text { A-CED. } 3 \end{aligned}$ | 2.1-2.7 Lesson Quizzes | Quiz |

| A-REI. 6 <br> A-REI. 7 <br> A-REI.D. 11 <br> F-IF.7.a | 2.3 Graphing the System of Equations | Assignment |
| :---: | :---: | :---: |
|  | 2.6 Sketching the System of Inequalities | Assignment |
|  | 2.3 Systems of Equations Discussion | Discussion |
|  | Unit 2 Discussion-Based Assessment | Discussion Based Assignment |
|  | Unit 2 Test | Unit Test |
|  |  |  |
| Unit 3 | Ancient Greek, Etruscan, \& Roman Art |  |
| Unit Objectives | 1. Students will be able to find solutions to a quadratic equation by factoring or using the quadratic formula. <br> 2. Students will be able to relate quadratic equations to the features of the graphs. <br> 3. Students will be able to relate quadratic equations to the situations described in real-world scenarios to solve for the unknowns. |  |
| Standards | Assignment | Description |
| A-CED. 2 | 3.1-3.5 Lesson Quizzes | Quiz |
| A- REI 4b <br> A-REI 10 <br> A-SSE 2 | 3.2 Quadratic Equations and Graphs Discussion | Discussion |
| A-SSE 3a <br> F.IF. 4 <br> F.IF. 5 | Unit 3 Discussion-Based Assessment | Discussion Based Assignment |
| $\begin{aligned} & \text { F-IF 7C } \\ & \text { F-IF 8a } \end{aligned}$ | Unit 3 Test | Unit Test |
| F-IF. 9 <br> F-IF. 6 |  |  |
|  |  |  |
| Unit 4 | Conic Sections |  |
| Unit Objectives | 1. |  |
| Standards | Assignment | Description |
| F-BF. 3 | 4.1-4.4 Lesson Quizzes | Quiz |

| F-IF.4- <br> G-GPE 1 <br> G-GPE 2 <br> G-GPE 3 |  |  |
| :---: | :---: | :---: |
|  | Unit 4 Project - Conic Sections Demonstration and Discussion | Project |
|  | Unit 4 End of Unit Discussion <br> - Conic Sections and Foci | Discussion |
|  | Unit 4 Discussion-Based Assessment | Discussion Based Assignment |
|  | Unit 4 Test | Unit Test |
| Unit 5 | Radicals and Complex Numbers |  |
| Unit Objectives | 1. Student will be able to operate mathematically on the radical expressions to determine the domain and range, solve for $x$, and simplify it by using the imaginary number. <br> 2. Student will be able to operate mathematically on the complex numbers to combine and subtract sets of complex numbers. <br> 3. Student will be able to solve the complex polynomials by applying the concept of the complex number. |  |
| Standards | Assignment | Description |
| A.APR. 1 <br> A-REI. 1 (Algebra 1) <br> A-REI. 2 <br> A- REI 4b (Algebra 1) <br> A-SSE.1a <br> F-BF.1b <br> F-IF 2 <br> $\mathrm{N}-\mathrm{CN} 1$ <br> N.CN. 2 <br> $\mathrm{N}-\mathrm{CN} .7$ | 5.1-5.5 Lesson Quizzes | Quiz |
|  | 5.4 The Powers of $i$ Discussion | Discussion |
|  | 5.4 Graphing Complex Numbers | Assignment |
|  | Unit 5 Discussion-Based Assessment | Discussion Based Assignment |
|  | Unit 5 Test | Unit Test |
|  |  |  |
